Experience

Senior Engineer at SimpleHealth — August 2020 to August 2022

- Stack: Node.js, TypeScript, React, GraphQL, MySQL, AWS, Docker
- Carefully followed HIPAA regulations for managing patient health information
- Agile/Scrum
- Notable Projects
 - Led a team to integrate a new fulfillment partner for prescription products, leading to significant savings across multiple departments
 - Designed and built a robust system for managing patient consent for prescription products covered by insurance
 - Mentored junior team members and created resources for knowledge sharing

Software Developer at Lone Rooftop — Dec 2018 to July 2020

- Stack: Python, AWS, Docker, Tornado, React, Swift
- High-Security Environment: followed least privilege principle to handle sensitive client occupancy data
- Agile/Scrum
- Notable Projects
 - Integrated new occupancy sensors, acted as main point of contact for partnership
 - Managed AWS resources using Cloudformation
 - Automated documentation generation pipeline using AWS Gateway, Lambda, and Codebuild

Freelance Software Developer at Greenhome — Oct 2018 to Dec 2018

- Stack: Node.js, Typescript, React, Postgres
- Full-time remote work
- Built microservice for importing over 100GB of historical building records, streaming objects to database

Software Developer at Dimebox B.V. — Apr 2017 to Sep 2018

- Stack: Node.js, TypeScript, MongoDB, Angular, Redis, Docker
- High-Security Environment: wrote and tested PCI-compliant code for processing transactions
- Notable Projects
 - Used versioning for customer objects to meet GDPR requirements while allowing transactions to access historical copies of customer data

Skills

Programming: Node.JS, TypeScript, Python, Go, React, AWS, Docker, Django, HTML/CSS, Git

Languages: Fluent in English, conversational in Spanish, beginner in Dutch

Interests: Reading, scuba diving, traveling, songwriting, hiking, electric guitar

Education

Yale University, New Haven, CT

- **Bachelor of Arts, Intensive Music Major** — concentration in composition — May 2015
- **Abraham Beekman Cox Prize winner** — awarded to the most promising and gifted composer of the junior class of Yale College — Spring 2015
